**Telkom
Business**
Possible begins here

Big plans? Get them funded

with TelkomLend.

TelkomLend gives your business fast, flexible access to R50 000 – R5 million. No collateral, no hassle – so you can seize your next growth opportunity and tailor repayments to suit your cash flow.

We have a host of benefits:

- **No collateral required**
We won't ask you to put up any assets.
- **Fast funding**
Upon approval, we disburse the funds into your account within 24 hours.
- **Flexible payment cycles**
Tailor your direct debit for daily or weekly cycles.
- **Flexible Terms**
Select payment terms between 3-12 months, giving you full control over your cash flow.
- **Dedicated customer service**
Help is just a phone call away! We have an incredible customer service team ready to assist you if/when you need it.

Use the funds to purchase more stock, renovate your premises or manage cash flow. TelkomLend is flexible and unrestricted.

Here's all you need to qualify:

6 Months Ownership

You must have been in business for at least 6 months.

3 Months Trade History

Provide your latest 3 months' bank statements.

R50K+ Monthly Turnover

You must have a minimum monthly revenue of R50K.

Dial 0861 17 17 17, email telkom@retailcapital.co.za or visit [telkom.co.za/telkom-lend](https://www.telkom.co.za/telkom-lend)

Team meetings? Collaborate effortlessly.

Get Cloud PABX with unlimited Fibre/LTE, Unlimited Calling and Unified Communications.

Ready for **real jobs,** not just leads? Meet Yep!

Yep! is South Africa's service commerce marketplace connecting consumers to trusted service providers and enabling end-to-end service transactions, from discovery to payment and fulfilment.

Why Yep!

- Yep! goes beyond listings to power real work and real income for businesses.
- Discover better-quality service providers.
- Conveniently do everything Yep! related through its platform.
- Receive several quotes for the job you require.

For Consumers

1. Find verified and vetted service providers near you.
2. Book services with confidence and transparency.
3. Pay securely and track jobs in real time.
4. Get protection, support and dispute resolution when needed.
5. Manage everything on one simple platform.

For Service Providers

1. Get real jobs, not just enquiries.
2. Reach more customers across South Africa.
3. Manage services, pricing and bookings in one place.
4. Get paid securely and on time.
5. Build credibility through reviews, performance and verification.
6. Grow your business with access to business tools.

Built for a stronger service economy.

Yep! is designed to:

- Support local businesses
- Create sustainable income opportunities
- Power South Africa's service economy through technology

Register your business by visiting seller.mall.yep.co.za

Find local services by visiting mall.yep.co.za

Grow online. Engage customers. Build credibility.

Protect your business. Secure your future.

Safeguard your business with advanced cybersecurity and software solutions.

Telkom Cyber Security is cloud-based protection for the customer's endpoints and mobile devices. This service combines advanced security technologies with features to safeguard customer devices and data.

Telkom Cyber Security features:

- Cloud management dashboard:**
 Enables the customer to control the overall security of their devices from anywhere with the cloud-based management dashboard, accessible from any web browser.
- Windows, Mac, Android and iOS support:**
 Protection on any of these devices, wherever they are, increasing security and eliminating potential threats.
- Anti-Ransomware protection:**
 Protects the customer against Crypto and Ransomware threats.
- In-depth protection:**
 Provides in-depth defence against all cyber threats, managed through a single console.
- URL-filtering:**
 Enables the customer to choose which websites to allow or deny by providing a layer of access control.
- Real-time threat protection:**
 Enables the customer to control access to websites by allowing or blocking URLs based on predefined criteria to enhance security.

Month-to-month packages:

Cyber Security <small>Basic 2 devices</small>	R79 <small>PM</small>
<small>This is the entry-level package, offering core security for everyday internet use.</small>	
Advanced Cyber Security <small>2 devices</small>	R129 <small>PM</small>
<small>Compared to the Basic (2 Devices) package, this option adds VPN, real-time monitoring, password manager and cloud backup for stronger security.</small>	

Contract packages:

Cyber Security <small>Basic 2 devices</small>	R56.35 <small>PM x 12</small>
Advanced Cyber Security <small>2 devices</small>	R109.25 <small>PM x 12</small>
