

Frequently Asked Questions

Telkom Core, Endless and Stream Connect Fibre

1. What is Telkom Core, Endless and Stream Connect Fibre?

Telkom Core, Endless and Stream Connect Fibre are products that run over Openserve Fibre network, and they provide access and uncapped internet data. There is no FUP and no throttling.

2. Who will Qualify for Telkom Core, Endless and Stream Connect Fibre products?

All Consumer and Business Customers in the Openserve Fibre Connect footprint will qualify for Telkom Core, Endless and Stream Connect Fibre and Gated Communities will qualify for Telkom Core and Endless Fibre excluding Telkom Stream Connect Fibre. The provisioning of Telkom's Core, Endless and Stream Connect Fibre service is subject to infrastructure and Network coverage availability, which can be checked at <https://www.telkom.co.za/check-coverage>.

3. What are product options available?

There are three product options, i.e., Telkom Core, Endless and Stream Connect Fibre

Telkom Core Fibre	Speed	Data	*Router	*Installation	Voice & Email
Telkom Core Fibre	50/25Mbps	Uncapped	✓	✓	Optional
Telkom Core Fibre	100/50Mbps	Uncapped	✓	✓	Optional
Telko Endless Fibre	Speed	Data	*Router	*Installation	Voice & Email
Telkom Endless Fibre	50/50Mbps	Uncapped	✓	✓	Optional
Telkom Endless Fibre	100/100Mbps	Uncapped	✓	✓	Optional
Telkom Endless Fibre	200/100Mbps	Uncapped	✓	✓	Optional
Telkom Endless Fibre	200/200Mbps	Uncapped	✓	✓	Optional
Telkom Endless Fibre	300/150Mbps	Uncapped	✓	✓	Optional
Telkom Endless Fibre	500/250Mbps	Uncapped	✓	✓	Optional
Telkom Stream Connect	Speed	Data	*Wi-Fi Enabled ONT	*Installation	Voice & Email
Telkom Stream Connect	25/25Mbps	Uncapped	✓	✓	Optional
Telkom Stream Connect	50/25Mbps	Uncapped	✓	✓	Optional
Telkom Stream Connect	100/50Mbps	Uncapped	✓	✓	Optional
Telkom Stream Connect	200/100Mbps	Uncapped	✓	✓	Optional
Telkom Stream Connect	300/150Mbps	Uncapped	✓	✓	Optional
Telkom Stream Connect	500/250Mbps	Uncapped	✓	✓	Optional

* Installation, Router and/or activation included on 12-month contract

4. What payment options are available for Telkom Core, Endless and Stream Connect Fibre?

12-Month contract (*includes router & installation)

Month-to-month (excludes router & installation)

5. What is included in the Telkom Core, Endless and Stream Connect Fibre packages?

Fibre Access and Uncapped internet.

6. Does the Telkom Core, Endless and Stream Connect Fibre include Value-Added services?

No, value-Added Services are optional. They can be purchased at an additional charge.

7. Can I migrate from my Existing DSL/Fibre package to a Telkom Core/Endless Fibre product?

Yes, you can, providing that:

- When using an existing email, the email will not be part of the new product but can be used as a standalone mailbox at the standard charges. It remains the customers responsibility to back up all emails.
- Telkom Internet Mobile Failover cannot be transferred to the new Telkom Core/Endless Fibre products and will be discontinued.

8. Can I keep my Service number?

Yes, the number can be added providing that you subscribe for a suitable calling plan. Additional charges will apply for Retail Fibre Voice.

9. What is the difference between Telkom Core, Telkom Endless and Telkom Stream Connect Fibre?

9.1. Telkom Core Fibre Products are classified in the lower speed range and are asymmetrical.

- 50/25Mbps – 50Mbps Download speed and 25Mbps Upload speed.
- 100/50 Mbps – 100Mbps Download speed and 50Mbps Upload speed.

9.2 Telkom Endless Fibre products, the lower speed products are symmetrical with upload and download speeds the same, Telkom Endless Fibre speeds range from 50Mbps – 500Mbps.

- 50/50Mbps – 50Mbps Download speed and 50Mbps Upload speed.
- 100/100Mbps – 100Mbps Download speed and 100Mbps Upload speed.
- 200/100Mbps – 200Mbps Download speed and 100Mbps Upload speed.
- 200/200Mbps – 200Mbps Download speed and 200Mbps Upload speed.
- 300/150Mbps – 300Mbps Download speed and 150Mbps Upload speed.
- 500/250Mbps – 500Mbps Download speed and 250Mbps Upload speed.

9.3 Telkom Stream Connect products, the lower speed product is symmetrical with upload and download speeds the same, Telkom Stream Connect speeds range from 25Mbps – 500Mbps.

- 25/25Mbps – 50Mbps Download speed and 50Mbps Upload speed.
- 50/25Mbps – 50Mbps Download speed and 25Mbps Upload speed.
- 100/50 Mbps – 100Mbps Download speed and 50Mbps Upload speed
- 200/100Mbps – 200Mbps Download speed and 100Mbps Upload speed.
- 300/150Mbps – 300Mbps Download speed and 150Mbps Upload speed.
- 500/250Mbps – 500Mbps Download speed and 250Mbps Upload speed.

10. What are the benefits of purchasing Telkom Core, Endless or Telkom Stream Connect Fibre?

Unrestricted streaming, gaming, video conferencing, large File downloads, etc.

Table below is a theoretical example of what you can do at different speeds.

File type	Single song	YouTube clip	YouTube clip (HD)	Album	TV Show (HD)	Film	Film (HD)	Film (Full DVD)	Film (Blu-ray)	Video Game (Average Size)
Size	5	10	50	100	450	700	1500	4500	10000	40000
50Mbps	0.8s	1.6s	8s	16s	72s	112s	240s	720s	1600s	6400s
100Mbps	0.4s	0.8s	4s	8s	36s	56s	120s	360s	800s	3200s
200Mbps	0.2s	0.4s	2s	4s	18s	28s	60s	180s	400s	1600s
300Mbps	0.13s	0.26s	1.33s	2.66s	12s	18.66s	40s	120s	266s	1066s
500Mbps	0.08s	0.16s	0.8s	1.6s	7.2s	11.2s	24s	72s	160s	640s

**Note: Fibre broadband is a best effort service, and the speeds are not guaranteed. These are theoretical calculations.*

11. Do I have to sign a Term contract on the new products?

The products are available on month-to-month and on a 12-month contract. Installation, router and/or activation fees are included as part of the 12-month contract as a once off charge or over a sales agreement if required.

12. Will I pay any penalties when I cancel my service within the 12-month contract term period?

A pro-rata rate will apply for the remainder of the contract period when the service is cancelled before the end of the term contract, and this shall apply to the installation, router and/or activation cost.

13. How will I receive my router?

On a 12-month contract, a Telkom technician will bring the router when they come to install the service.

14. Can I order the new products if my coverage is in a pre-order or Web Connect coverage area?

Yes, however it is not guaranteed and in the case of MDU (Multi Dwelling Units) such as Business Parks, Gated Communities, or malls) the provisioning of service is subject to landlord approval.

15. How many Voice lines can I get on my Fibre connection (ONT) Optical Network Termination?

Only 2 voice ports are available on the ONT, however if the customer requires more than 2 voice lines, they can add VoIP (Voice over Internet Protocol) lines.

16. Can I have a mailbox when subscribing for a Telkom Core/Endless/Stream Connect Fibre Product?

A mailbox is not included as part of the Telkom Core, Endless and Stream Connect Fibre bundles but can be purchased at the standard rate as a Value-added service.

17. How much will I pay to keep my mailbox?

A standalone mailbox will cost R15,82 (Vat included)

18. Is my Broadband Fibre speed guaranteed?

Fibre broadband is a “best effort” service, and the speeds are not guaranteed. This means that the potential speed that can be obtained will depend on the congestion of the network.
