Yes, provided that:

- When using an existing email, the email will not be part of the new product but can still be taken as a standalone mailbox at the standard monthly charge. It remains the customers responsibility to back up all emails.
- Telkom Internet Mobile Failover cannot be transferred to the new Telkom Stream Connect products and will be discontinued.

9. Can I migrate from my existing Fibre service to the Telkom Stream Connect product?

No, customers on Telkom Core Fibre, Telkom Endless Fibre, and old products such as Fibre Home Unlimited, etc. cannot migrate to Telkom Stream Connect.

10. Do I have to sign a Term contract?

There are 2 types of contracts offered, a month-to-month and on a 12-month contract. Installation and activation fees are included as part of the 12- month contract.

11. Will I pay any penalties when I cancel my service on my 12-month contract?

Yes, installation and activation charge form part of the contract obligation with a claw back over the 12-month period should the service be terminated prior to the end of the contract.

12. Is Telkom Stream Connect available in selected areas?

No, it is available in all Openserve Fibre coverage areas.

13. Is my Broadband Fibre speed guaranteed?

Fibre broadband is a “best effort” service, and the speeds are not guaranteed. This means that the potential speed that can be obtained will depend on the congestion of the network.
